

# SELF EVALUATION FORM

**UNIT: 10**

**LEVEL:**

**STUDENT NAME: Amy Joiner**

With reference to the **Learning Outcomes** for the Unit write a summary or bullet point list of what you consider to be:

## **The key achievements of your work on the unit (maximum 100 words)**

- The discovering of artists and movements from the past 50 years have become influential to my practice and well as MCP and research journal
- Learning how to confidently harvard reference
- Learning how to professionally put together a written piece like the MCP

## **The most useful things that you learnt (maximum 100 words)**

- Learning how to confidently harvard reference
- Learning how to structure an essay correctly and what is needed to make a written piece flow
- The use of an appendix
- The context of everything - all artists, collectives, exhibitions and movements which I will continue to follow

**The issues that you found challenging and how you set about overcoming them (maximum 100words)**

- I haven't ever been too confident with writing so writing a 6000 word dissertation was a huge challenge for me. I overcame this by breaking it down in to sections and making an essay plan before attempting to write a huge essay that wouldn't make sense. I also made use of my MCP tutorials and academic support to aid me with the flow of my writing and to help make sense of it - although it makes sense to me it sometimes does not to other people

**List what you now consider to be the main areas for development that you intend to focus on in the next unit? (maximum 100 words)**

- Continue to follow and network out to artists for collaboration and exhibition purposes
- Keep up to date with everything
